OVERVIEW

Sahand Hesamiyan (b. 1977, Tehran) received his BA in Sculpture from the University of Tehran (2007). He currently lives and works in Tehran. Sahand Hessamian, sculptor, is a permanent member of the Iranian Sculptors Association, the director of the committee of the Iranian Sculptors Association. He has also been a member of the board of directors of the 6th Tehran Biennial of Contemporary Sculpture and a member of the jury of the 3rd Tehran Urban Sculpture Biennial. Sahand Hesamiyan explores contemporary sculptural directions informed by Islamic and Iranian architecture. His works establish a relationship between science and geometry with hints to the abstract nature of spirituality. This intense relationship at times goes beyond the mere reflection and repetition of forms, influencing the titles of the pieces as well as the brief descriptions often accompanying them.
